ASSOCIATED CHARITIES FINDS WORK TO BE ACCOMPLISHED AT ALL SEASONS

At the monthly meeting of the Associated Charities of Hawaii, held last Friday afternoon, the statistical report for the month of September, then presented, showed that 184 families and 154 individuals, totaling 690 individuals in all, had been under its care. Of the families 45 were new, 30 old and 109 continued.

It is interesting to note that the number of married couples cared for are in the majority with 41, while transient single men are next with 12. The social state of others are: Resident single men 7, resident single women 3, widows 3, deserted families 3, widows 3, orphans 1.

The study of the number of each nationality who require help is also of particular interest as it gives a partial idea of the prosperity of each in relation to their population. In the following list it will be noticed that Japanese did not need aid during September:

	Families	Individuals
Portuguese	24	88
Hawaiian	11	43
American	9	14
Porto Rican	7	53
Russian	5	24
Korean	4	12
Danish	3	3
Chinese	2	7
Swedish	2	4
German	2	13
Spanish	1	1
English	1	1
Scottish	1	1
Irish	1	1
Mexican	1	1
Negro	1	1

The method in which the different families and individuals are added was also given in the report and gives a very good idea of how the work is carried on. The regular association relief was given to 58 families and emergent relief to 41, while 39 families were given material relief which was secured from individuals and organizations and as an example of this last a number of businessmen bought clothes and books for children who desired to attend school but were unable to continue their education because of the lack of these very necessary things. Employment was secured for 36 people and friendly visitors helped 10 families. For poor people who were sick during September a doctor was secured to care for 13 individuals and along this same line hospital accommodations were secured for 15 and nurses held for 12.

The number of individuals and agencies who cooperated in giving money and personal aid is as follows:

Individuals, 45; Palama Dispensary, 18; Strangers' Friend Society, 10; Beraiah Home, 6; county doctor, 5; juvenile court, 4; Y. M. C. (Associated Press by Federal Wireless) SING SING, Oct. 16.—Thomas Mott Osborne yesterday officially resigned as warden of the prison after distinguished service in penitentiary work. The farewell of the warden was one of the most singular functions ever held in a penal institution, 1600 prisoners filed past the retiring warden and shook him by the hand.

PANAMA MARU STILL STUCK FAST IN MUD

(Associated Press by Federal Wireless) SEATTLE, Wash., Oct. 16.—The steamer Panama Maru, which went aground on one of the flats of Puget Sound, is still fast in the mud, despite the fact that most of the cargo has been removed. The company's agents believe that with the high tide today the liner will be floated.

DRINK HOT WATER • IF YOU DESIRE A • ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.
